Notes:

- If you would like to schedule a phone appointment with an inspector, please contact the department at (916) 875-6603. An inspector will respond and schedule a 30 minute appointment to discuss pesticide related matters with you.
- Please ensure additional documents listed on the registration forms have been submitted. This may include DPR business license, equipment list, or a copy of an individual DPR license.
- Once registered, Structural and Ag Pest Control Businesses must submit Monthly Summary Pesticide Use Reports (MSPURs). These reports can be submitted by mail, or electronically using CalAgPermits. If you do not have a CalAgPermits account, please contact the department and we can create an account for you free of charge. MSPURs must be submitted by the 10th of the month following the application ie. September report due by October 10th.
- MSPURs must include the units of pesticide applied. For example, for rodenticide blocks, please report the total number of grams applied, not the number of blocks.

Please contact the department if you would like further guidance regarding the registration process. The main phone number for the department is (916) 875-6603 and pesticide related questions can be e-mailed to AGCOMMPUE@sacounty.gov.
